OUR VISION:

Dispur College aspires to be a nationally acclaimed Higher Educational Institution. It is our persistent endeavour to remain resolute and unwavering in the pursuit of knowledge aligned with the motto of the institution “Tamso Ma Jyotirgamaya(तमसोमाज्योतिर्गमय)” and positively contribute towards holistic education which focuses on nurturing students’ talent and personal development; promoting intellectual growth; developing professional skills and stimulating employability and preparing them to work for holistic development of the society and the nation.

Our Mission:

Pledged to achieve our Vision through our Core Values and to educate the students to the highest levels of academic accomplishment, to empower them to reach and expand their perspective and to prepare them to become ethical, accountable, compassionate, productive, inventive members of the society as well as worthy citizens of the state.

Core Values:

- 1.Integrity: Acting in accordance with the highest academic, professional and ethical standards is a priority for one and all representing the educational institution.
- 2.Responsibility: We are aware that our moves influence the world around us and based on that apprehension, we make the conscious choice to take actions to improve our community and the lives of each and everyone around us.
3. Diversity and Inclusion: The institution respects and appreciates differences in socio-economic background, education, ethnicity, colour, gender, age, caste, race, religion, physical abilities etc. among individuals. We share an environment where everyone has equal opportunity to contribute ideas.
- 4.Excellence: We strive for excellence in all our endeavors as individuals, as an institution, and as a leader in higher education.
5. Teamwork: We understand that team values allow us to perform our roles effectively and contribute to Institution's success.
6. Transparency: We believe in accessibility, compliance, communication and accountability.
7. Environmental Sustainability: We value adopting practices for minimising our impact on the environment to the benefit of a more sustainable future for posterity.

MESSAGE FROM THE PRINCIPAL

Dear Students,

I would like to take this opportunity to heartily welcome each one of you, who desires to gain knowledge and be an asset to the society and the nation to the premises of Dispur College. The College named under the capital of Assam has produced many eminent figures and we are still in the journey to continue producing many more eminent personalities who can make the state and the nation proud. As A.P.J. Abdul Kalam said “Every youth is Unique” we at Dispur College, aim to achieve holistic development of each and every student, so that tomorrow they can stand on their own feet and explore new ventures that await for them at every juncture of their lives. As we all are aware of the fact that, an institution cannot shine only with the efforts of one person, so I humbly invite all of you to the process of taking the College to the pinnacle of success. The college shall forever look to address any grievances that students might face in their journeys of education and henceforth would try to implement as many apt and necessary steps as required, so that when they leave the institution they carry forth an individual identity of their own. The folk culture of the region in the form of art, dance, and creative writings has been made an integral part of campus life for the students. It would go a long way in preserving traditions and cultural ethos of this progressive state.

From this year the college is going to implement the National Education policy 2020 by inducting Four-Years degree courses. The college has already introduced a number of certificate courses for enhancement of skills and employability of the students. We believe in the motto that Knowledge and Skill should go together.

I therefore want to take the privilege to invite all of you to be a part of this prestigious institution and in the process unleash a new version of yourself.

As Rabindranath Tagore wrote, "Where the mind is without fear and knowledge is held high", the college shall forever uphold this motto and shall ignite the young minds to be the future stars of our Nation building process

Dr. Navajyoti Borah
Principal
Dispur College

THE INCEPTION:

With the shift of the capital of Assam from Shillong to Dispur, there emerged a huge demand for higher education in the adjacent areas of the new capital which led to the establishment of Dispur College in the year 1978, with Sri Ghana Kanta Chetia Phukan as its founder Principal. The classes were started with the Arts Stream at Gopal Boro Govt. Higher Secondary School in the evening shift only. In 1987, during the tenure of Principal Dr.Reba Kanta Hazarika, the college shifted to its present premises in the periphery of Narakasur Hills at Ganeshguri-Dispur, in the heart of Guwahati City. The evening shift was gradually discontinued and the classes were transposed to day shifts. The Arts Stream was provincialized from 1st April, 1992. The College was recognized by the UGC U/S 2F and 12B in 1995-96. From the academic session 1991-92, the Commerce Stream (HS) was introduced and in the year 1994-95, an undergraduate course (B. Com) was introduced in morning shifts. The Commerce Stream was provincialized from 1st January, 2013. Due to increasing demand from the students, an additional evening shift was started from the session 2022-23 in the Commerce stream. The college introduced BBA and BCA from the session 2007-08 to meet the growing demand for professional education in the region. The College also provides a platform for open and distance learning via the K.K. Handiqui State Open University.

The SDG Accord

The University and College Sector's Collective Response to the Global Goals

This Accord calls upon we, the world's universities and colleges to embed the Sustainable Development Goals into our education, research, leadership, operations, administration and engagement activities.

We, the SDG Accord Signatories, recognise:

- The indivisible and interconnected nature of the universal set of Goals – People, Prosperity, Planet, Partnership, Peace
- That, as educators, we have a responsibility to play a central and transformational role in attaining the Sustainable Development Goals by 2030

We thereby assert that we will:

- Align all major efforts with the Sustainable Development Goals, targets and indicators, including through our education, research, leadership, operational and engagement activities;
- Aim to involve members from all key stakeholder groups in this endeavour, including students, academics, professional staff, local communities and other external stakeholders;
- Collaborate across cities, regions, countries and continents with other signatory institutions as part of a collective international response;
- Using our own unique ways, inform, share our learning and account to both local and global communities our progress toward the Sustainable Development Goals;
- Annually report on 'how does my institution contribute to the Goals and what more can we do'.

Student Seminar Organized by Department of English at Conference Hall

From the Academic Session, 2023-24, Dispur College is going to implement the FYUGP (Four Years Under Graduate Programme) in Arts and Commerce under Gauhati University which is based on the National Education Policy (NEP) 2020. The FYUGP at GU is designed to offer two types of Bachelor's Degrees to the students at the end of the successful completion of the programme- (i) Bachelor's Degree in a Stream and (ii) Bachelor's Degree in a Discipline. The word Stream here refers to Arts, Science, Commerce and Management. In case of a degree in a stream, the student studies a multitude of different subjects, usually mixing different disciplines, which leads to a truly multidisciplinary degree. While in case of a degree in a discipline, the student is confined to a certain set of disciplines.

The FYUGP is designed to cater to the diverse academic needs of the students and seeks to offer multiple entries/exits and obtain Certificate or a Diploma or Degree with or without Major or a Degree (Honours) or a Degree (Honours) with Research at various levels as stipulated under the policy.

ADMISSION:

ADMISSION TO THE FYUGP SHALL BE DONE AS BELOW:

1. Eligibility

- a. A student who has passed 12th standard or equivalent examination in any stream from a recognized institution.
- b. Admission to the FYUGP will be based on the preference of major, if any. In case a student does not want to opt for any Major, she/he will be admitted on the basis of preferences of the subject combinations.
- c. Admission to a Programme or Major will be subject to availability of the subject and capacity of a college/department.
- d. No student shall be eligible for admission to a Programme in any discipline under the FYUGP UNLESS she/he fulfills the pre-requisites of courses as fixed by the university.

2. Progression and exits

The progression and exits during the whole course structure is given below.

(a) After 1 Year

One can exit just after one-year. In this case, the student will have to complete one extra Vocational / Skill course (Exit Course) of 4 credits and can exit the programme. The student will get a Certificate. The minimum total credit requirements is 44 (and 4 credit extra for the exit Vocational / Skill course).

(b) After 2 Years

One can exit the programme after two-year course as well. In this case, the student will have to complete one extra Vocational / Skill course of 4 credits and can exit the programme. The student will get a Diploma. The minimum total credit requirements is 84 (and 4 credits extra for the exit Vocational / Skill course).

(c) After 3 Years

If a student completes 3 years, s/he can exit the programme. In this case the student will get a Bachelor's Degree. The minimum total credit requirements is 120.

(d) After 4 Years

After completion of 4 years, the student gets either a Bachelor's Degree (Honours) or a Bachelor's Degree (Honours) with Research. The minimum total credit requirements is 160.

It should be noted that any certificate / diploma / degree is awarded only if the student clears (i.e. passes) all the required courses (papers) till that point of time.

However, a student can complete his FYUGP within a maximum period of 7 years.

3. ABC (Academic Bank of Credits)

The GU-FYUGP is directly connected to the ABC (Academic Bank of Credit) as notified by the UGC. All credits a student earn at the end of an examination in GU-FYUGP, will be deposited in the ABC by the university.

As such it is mandatory that a student under GU-FYUGP register for the ABC as notified by the regulatory agencies.

***Aadhaar Card is mandatory for all the admitted students as it will be required for all purposes like creation of ABC, Registration with University, etc. Those who do not have Aadhaar Card, they must avail it within two/three weeks from date of admission.**

4. Multiple exits and entries

The FYUGP allows students to have multiple exits and entries. That is a student can exit the programme, say after one year and then again can enter the institution as per the policy of Inter-institutional mobility (shown in point no. 5) Programme at a later time and can continue the programme from where s/he left. This process can be executed multiple times.

However, the entry into the programme is subject to availability of positions at that point of time and in that institute / college. Besides, the following should apply

(a) A student will get a certificate / diploma / degree on exit from the GU-FYUGP (depending on in which year the student exits), only when the student passes in all the minimum compulsory courses at that point of time.

(b) After an exit, either after Year 1 or 2, the student can seek an entry only into the same programme to which the student was admitted.

(c) When a student exits the GU-FYUGP after 3 years with a Bachelor's Degree, s/he can not seek reentry into the programme at the fourth year, rather s/he will need to take admission into the Master's programme at the first year.

(d) As the contents (syllabi) of all the courses are subject to modification from time to time, when a student enters into the programme after an earlier exit, the contents of all courses will be what is as per the syllabi at the current point of time.

5. Inter-institution mobility

The GU-FYUGP allows a student for inter-institutional mobility, both for incoming and outgoing students. For this, GU will take into account the credits a student has in his / her ABC.

For an incoming student, the following should be observed:

(a) The entry is subject to availability of seats in the concerned discipline.

(b) The student need to fulfil all the academic prerequisites of the concerned discipline.

(c) Gauhati University will award a degree to a student, only when the student will have completed 60% of the credits for core courses from GU.

6. Choice of courses

6.1 Prerequisites

Prerequisites are conditions which need to be fulfilled prior to admission into the FYUGP. Each subject and its course (paper) has their own prerequisites, which need to be fulfilled by a student prior to enrolment. For details one can visit university website <https://gauhati.ac.in> / <https://nep.gauhati.ac.in>

Here, having a prerequisite necessarily means that the student needs to have passed in the subject. The details of these prerequisites are available in the FYUGP Information Booklet.

6.2 Requirements

As opposed to prerequisites, the requirements are conditions which need to be fulfilled when a student chooses a certain subject or course. For example, when a student wants to study Botany as a subject, Chemistry as another subject must be studied.

The details of the requirements are available in the FYUGP Information Booklet.

6.3 Course options

Subject to fulfillment of prerequisites and requirements, a student can choose any subject as core subjects. The nomenclature of the degree awarded (whether Bachelor of Arts or Science) will be decided by the group to which at least two subjects belong.

7. Examination & grading

7.1 Examination

The examination modalities of GU-FYUGP will be as per GU's Examination Ordinance.

7.2 Grading

After successful completion of the programme, a student will be awarded grade. In GUFYUGP, there will not be any percentage of marks, but all students will be provided SGPA (Semester Grade Point Average) and CGPA (Cumulative Grade Point Average) as per UGC's Curricular Framework.

8. Fourth year of the GU-FYUGP

The fourth year of the GU-FYUGP consists of one compulsory course on Research Methodology of credit 4, to be studied in Semester VII. The rest of the course consists of Advance Core Courses and a Dissertation. The details of the fourth year will be available later.

9. Curricular components

The entire FYUGP curriculum is divided into two parts – (a) Core Courses and (b) Common Courses, which are described below.

9.1. Core courses

The core courses constitute of Majors and Minors. Usually, a student will choose one Major subject and two Minor subjects. Different options are described in the next section. All core courses have a credit allocation of 4. Altogether, irrespective of any Major or Minor options, a student will necessarily need to study 21 courses (papers) with total credit allocation of 84 over a 3-year programme.

Major Course: The minimum credit requirements for a Major Course over a 3-year period is 60 which translates to 15 courses (papers).

Minor Course: The minimum credit requirements for a Minor Course over a 3-year period is 12 which translates to 3 courses (papers).

Second Major Course Provided a student has a Major Course with 60 credits, s/he can convert one of her Minor Courses to a Second Major only with a credit allocation of 48. In that case, s/he gets a degree with Double Major and Minor.

9.2. Common courses

As the name suggests, these courses will have to be studied by all students of FYUGP. Together the common courses have a credit allocation of 36 divided over five subdivisions.

They are:

- (a) Value Added Courses (VAC) : Total Credits 6
- (b) Ability Enhancement Courses (AEC): Total Credits 8
- (c) Multidisciplinary Courses: Total Credits 9
- (d) Skill Enhancement Courses (SEC): Total Credits 9
- (e) Internship: Credit 4

A brief description of these courses is given below.

• Multi-disciplinary Courses

These are 3-credit courses spanning over five different groups of subjects — (i) Natural and Physics Science, (ii) Mathematics, Statistics, and Computer Applications, (iii) Library, Information, and Media Sciences, (iv) Commerce and Management, and (v) Humanities and Social Sciences. The level of these courses are of Class XII.

Each student need to take at any three courses, each with 3-credits from these five sub-groups during Semesters 1-3.

• Ability Enhancement Courses (AEC)

This is a 8-credit course covering Modern Indian Languages (MIL) and English Usage (Communication).

Each student need to complete two courses of 4-credits each – one from English Usage and other from the group of MIL, especially designed for this purpose. These courses have to be taken during Semesters 1-2.

• Skill Enhancement Courses (SEC)

There are various skill courses with total credit allocation of 9. In our structure, we shall have four skill courses starting from Semester 1 and in Semesters 4-6.

• Value Added Courses (VAC)

The VAC courses will come from four sub groups — (i) Understanding India, (ii) Environmental Science, (iii) Digital and Technological Solutions, and (iv) Health & Wellness, Yoga Education, Sports, and Fitness. All together they will have a credit allocation of 6.

Each student will have to take any two courses, each of 3-credits, from any three groups during Semesters 2 & 3. Here one course from the Environmental Science group is compulsory except if the student takes a core course on Environmental Science.

• Internship

All student are to carry out an Internship with a credit allocation of 4. The internship can be carried out in any semester during Semesters 3-6. As internships are meant to be done during semester breaks, they will not interfere with other classes.

Regulation of FYUGP for Semester System and Grading System as per G.U. Guidelines:

1. For details students can log on to www.gauhati.ac.in
2. Students’ performance will be monitored throughout the semester by continuous assessment in the theory and practical courses. Evaluation of the student's performance in each of the theory and practice papers will be done as per GU and AHSEC guidelines.
3. Internal evaluation will be based on class attendance, library attendance, unit tests, home assignments, projects and sessional examinations.
4. External evaluation will be done through a final examination at the end of each semester.
5. A student must pass all his semester examinations within seven years from the date of admission to the first semester course.
6. In case of any dispute regarding evaluation or unforeseen event, the matter maybe placed in the committee of courses and studies (U.G.) for amicable settlement.
7. For any matter not covered under this regulation for the semester system, the existing university rules and the Gauhati University Act 1949 (as amended till date) would be applicable.

Internal Assessment and Student Feedback

Each and every student will be required to attend sessional, unit test, etc. whenever conducted by the Departments for the purpose of internal assessment as per G.U. regulations. All students from 1st to 8th Semester (Arts and Commerce) are required to provide online feedback on completion of courses, performance of faculties/department, administration, support staff etc. as and when required by IQAC.

Facilities and initiatives available in the Campus:

Dispur College, situated in the heart of the city of Guwahati is well accessible from all the directions of the state of Assam as well as the other states of the Northeast Region. The College since its inception has been providing quality education to the students from entire Northeast India. The College has an academic ambience, having adequate need-based physical infrastructure and accessibility as well as a designed administrative block, various rooms and facilities for the students such as girls' common room and boys' common room, waiting room etc.

1) Smart Classroom: Smart Classroom facilities are provided to all the students to enhance their learning experience, to motivate them, increase their skill as well as productivity and make them more efficient.

2) Computer Lab: Computer Lab provides computer and internet facilities to our students. It helps develop the technical skills and knowledge of the students.

3) Canteen: The college provides canteen facilities to the students as well as teaching and non-teaching staff along with proper Drinking Water facility. Hygienic and nutritious food is prepared under strict vigilance of the canteen committee.

4) Yoga and Meditation facilities: Yoga and Meditation Cell of Dispur College provides facilities for students to meditate and organise Yoga Sessions every week as we believe that Yoga and Meditation are great ways to release stress and anxiety. It also helps to improve muscle strength and develop better physical as well as mental health which is very important for today's generation.

5) Taekwondo Training: -Participation in sports brings students together and provides them mental and physical therapy for learning. Apart from studies, this is very much important for the inner growth of students. The College has a Taekwondo Training Centre under guidance of a trained coach.

Code of Conduct for College Union Elections:

Instructions issued in compliance with the verdict of the Hon'ble Supreme Court Ref: Order passed by the Hon'ble Supreme Court in SLP No.24295/2004.

The Honourable Supreme Court of India has pursued the Report of the Committee, headed by Mr. J. M. Lyngdoh, former Chief Election Commissioner, constituted by the Ministry of Human Resource Development, Government of India for making recommendations and suggestions related to the Students' Union Elections in terms of the order of the Supreme Court dated 12.12. 2005. The Supreme Court has accepted the Recommendations as an interim measure and directed to implement the recommendations subject to such modifications indicated therein. The recommendations have been incorporated as a part of the order. The Supreme Court has also made it clear that the recommendations made, which the court has accepted to be adopted as an interim measure, shall be followed in all college/University Elections, to be held herein after, until further orders. In light of the above order, the College has decided to conduct the elections of the Students' Unions in accordance with the system of direct elections as envisaged in clause 6.2.2 of the recommendations submitted by the committee headed by Mr. J. M. Lyngdoh and accepted by the Honourable Supreme Court. The directives of the Supreme Court shall be supplementary to the clauses contained in the Constitution for College Unions/Constitution for University Departments' Unions and the rules for the conduct of elections to College Unions/Departments' students Unions contained herein and the same shall supersede any of the clauses that are inconsistent with the directives.

In this regard, the rules and regulations for DCSU Elections are incorporated in the amended 2022 version of the constitution of DCSU which is available in the college website. Interested students may visit the same.

NEP 2020

BBA and BCA (Affiliated to Gauhati University)

Professional courses play a key role in shaping the future of the country. Due to changing needs and demands for professional education, the government has put in a great deal of efforts to promote professional education at various levels. Keeping in view the rapidly growing demand for Information Technology and Management Studies, Dispur College offers regular professional courses like BBA (Bachelor of Business Administration) and BCA (Bachelor of Computer Application) which are affiliated to Gauhati University. The courses equip the students with knowledge and skills required for a successful career in Management and Computer Applications.

For further details contact: BCA- 8638379997, BBA- 7575945530

Laboratory Facilities

The department has a well-equipped computer laboratory as well as separate electronics laboratory:

- **Computer Lab:** It is equipped with high performance servers and 30 PCs. The latest scientific and mathematical software packages are available. The lab is equipped with powerful servers and multiple terminals with multiple operating systems. The students are guided by well-experienced faculty members in the computer lab. Internet access is made available to the students and faculty members as and when required.

• Electronics Lab:

The electronics lab has a rich collection of devices and instruments related to electronics including MICRO PROCESSOR 8085, MICRO PROCESSOR 8086, and other well-equipped devices.

Assignment

Assignments are administered as part of the practice and evaluation schemes. These are important components in internal evaluation schemes.

Seminars

Seminars are conducted on current IT and Management topics of importance. These seminars help students to interact with different professional industries.

Workshop/IT Training/ Projects

Information technology skills are essential for engineers to be successful in today's information technology intensive environment. Projects attempt to bridge the gap between the professional world and academic institutions. They help the students to develop practical work skills. Likewise, IT Workshops, held at regular frequency, are crucial in helping students attain hands-on training in latest technologies.

Interview Training:

Placement meets and personality development workshops are organized as parts of the placement program. All the students are guided on career planning as they progress to higher levels of the program. The entire placement exercise is a joint effort between the institute and the students. The students have the responsibility to put in the maximum possible efforts to obtain suitable placements under the guidance of the department.

Recruitment:

On completion of the courses, so far about forty percent students have got jobs in MNCs like Cognizant, Wipro etc. through campus interviews. Students have also been employed in some other organizations directly.

Industrial visits:

BBA, at Dispur College provides opportunity for students to interact with Industry Experts, they get a chance to meet industry leaders, professionals, entrepreneurs, policymakers, and corporates who share their wisdom, learning, and experiences.
